

Plaza | At the end of the pedestrian bridge, connecting the city center with the riverine park

Cafeteria | Nice place to have some coffee overlooking the river and the wetland

Observatory, Leisure space, Fishing points | Away from the main path, these small piers are a great place to connect with the river

Playground | Recreational area where water is the main theme

Recreational area | Big lawn area, perfect to relax, read, play or do whatever you want!

Amphitheatre | Informal area creating opportunities for different uses, integrated using the natural landscape morphology

Pedestrian bridge
Observatory
Cafeteria | Soft mobility connection with the other margin. The great view and the viewpoint area in the other side will attract you!

Harbor, harbor support, Bar | Improvement of the harbor, adapting it to a new structure and adding a bar, boosting the park's dynamics

Main Pathway | Soft mobility path connecting Lillestrøm's west side, the park and Nesa. It is an elevated walkway, crossing meadows, wetlands and the river.

Wetlands | Reinstallation of the wetlands, for flood risk protection and to increase biodiversity

Industry Area | Productive area integrated in a new urban reality and coherent with its ecological situation

Main car road
Observatory | Connecting Nesa with the surroundings, increasing urban dynamics. Viewpoint to Svellet

Ecological corridor
Pathways | Connecting urban areas/creating an ecological structure

Playing field | Recreational field inside a green corridor

Housing area | Housing block similar to the ones in its surroundings

Business area | Center zone with leisure and commerce

Business area | Transition from a housing area to different uses in South Nesa

Business area | Main trade / services / office area of Nesa

Housing and Business area | Mixed use area

Housing area | Residential area limiting the urban perimeter

Sørumsneset protection edge | Limit of urban development

Lake park | Main recreational area of Nesa

Housing and Workshops area | Mixed use area

Housing and Commercial area | Mixed use area
