CORKERS[®]
DO IT YOURSELF
DECORATIVE
CORK WALL TILES

Step 1 - Remove all dirt and grease from the wall to which you wish to fix the tiles. Use a wire brush to clean the wall completely before proceeding. Use clean water with a sponge to remove dust. Dry the wall with a clean cloth.

Step 2 - Apply CORKERS[®] adhesive with a brush ensuring complete coverage on every edge wall to be covered. CORKERS[®] adhesive is water-manufactured and is non-toxic.

Step 3 - Starting from bottom corner place CORKERS[®] cork wall tiles with hand pressure ensuring complete coverage. Push down hard and apply pressure. Apply tiles to corners first. Use their rubber edges to ensure they adhere to wall at 90° angles.

Step 4 - When placing walls or partitions use CORKERS[®] adhesive in 20 mm wide grooves into the joints or partitions with the product. Use the same adhesive when tiling to ceiling. Apply CORKERS[®] adhesive to wall at 90° angles.

Use CORKERS[®] cork wall tiles to enhance the beauty of your home. The rich, natural look of cork is ideal for your rumpus room, den or living room. Imagine a cork feature wall in your home. You do it yourself with CORKERS[®] cork wall tiles... the easy to apply decorative tile.
